

(EN) Duramax Garden Shed Limited Fifteen Year Warranty

U.S. Polymer Inc. will send a replacement part free of charge, in the event of material defects and or workmanship for a period of fifteen years from the date of purchase.

This warranty is extended only to the original purchaser. A purchase receipt or other proof of date of original purchase will be required before warranty service is rendered. In no event shall we pay the cost of flooring, labor, installation or any other costs related thereto.

This warranty only covers failures due to defects in material or workmanship which occurs during normal use and does not extend to color change arising due to normal weathering or to damage resulting from misuse or neglect, commercial use, failure to follow assembly instructions and the owner's manual (including proper anchoring of the shed), painting, forces of nature and other causes which is beyond our control.

Claims under this warranty must be made within the warranty period by calling 1-800-483-4674 or mail in a dated sales slip and clear photograph of the part to:

U.S. Polymers, Inc.
1057 S. Vail Ave,
Montebello, CA 90640.

We reserve the right to discontinue or change components. If a component has been discontinued or is not available, U.S. Polymers, Inc. reserves the right to substitute a component of equal quality as may be compatible.

Limits and Exclusions

There are no express warranties except as listed above. The warrantor shall not be liable for incidental or consequential damages resulting from the use of this product, or arising out of any breach of this warranty. All express warranties are limited to the warranty period set forth above. Some states do not allow the exclusion or limitation on how long an implied warranty lasts, so the above limitations may not apply to you.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state or country to country.

"We recommend to clear snow from the Roof top after each Snowfall."

(FR) Duramax Abri D'entreposage Garantie Quinze Ans

U.S. Polymer Inc. remplacera sans frais toute pièce en cas de défaut de fabrication ou de matière pour une période de quinze ans (A compter de la date d'achat).

La garantie est seulement étendue à l'acheteur original. Une facture d'achat ou autre preuve confirmant la date de transaction sera exigée avant que le service de garantie vous soit accordée. En aucun cas, devons-nous payer les frais de fondation, main d'oeuvre, installation ou tout autre cout extérieur à la garantie.

La garantie s'applique contre tous défauts de fabrication ou de matière dès lors que l'installation est conforme aux préconisations du fabricant décrites dans la notice d'assemblage à l'exception d'une mauvaise utilisation, de l'usure, de décoloration due aux intempéries, utilisation commerciale et d'incidents matériels extérieurs concernant le dit produit.

Toutes réclamations doivent être faites durant la période de garantie en téléphonant au 1-800-483-4674 ou en expédiant une facture d'achat date et une photographie de la pièce à:

U.S. Polymers, Inc.
1057 S. Vail Ave,
Montebello, CA 90640.

Nous nous réservons le droit de discontinuer ou de changer les pièces si l'une des pièces a été discontinuée ou n'est pas disponible. U.S. Polymers Inc. se réserve le droit de changer une pièce de qualité égale à la pièce d'origine.

Limitation et Exclusions

Il n'y a d'autre garantie exceptée celle mentionnée ci-dessus. Le garant n'est pas responsable des dégâts matériels ou des accidents consécutifs à une installation non conforme aux dispositions légales et réglementaires du pays de mise en service. En aucun cas, cette garantie ne donne droit à des indemnités ou à des dommages et intérêts. Toutes garanties sont limitées pour une période mentionnée ci-dessus certains pays ne permettent pas la limitation et l'exclusion concernant la durée de garantie, ceci pourrait donc ne pas s'adresser à vous.

Cette garantie vous donne des droits légaux spécifiques et vous pourriez aussi avoir d'autres droits qui varient d'un pays à l'autre.

"Nous recommandons d'enlever la neige du Toit après chaque Enneigement."

(EN) SAFETY & PRECAUTIONS

(FR) SÉCURITÉ ET PRÉCAUTIONS

(EN) Before You Begin...

1. Check your local building codes regarding footings, location, etc.
2. Select a site that allows enough working space around the shed.
3. Determine building foundation and anchor system.
4. Read and understand the Owner's manual enclosed in the package.
5. Follow all directions and dimensions thoroughly.
6. Follow the steps given in the manual carefully for correct assembly.
7. Make sure all parts are present before you start assembling.
8. **BE SAFE** : Follow safety instructions and avoid injury.
(See inside page).

9. **GROUND MUST BE EVEN** : Make sure the foundation frame lies flat on the ground. If the earth bed is uneven, remove sod and other debris and level it with a flat shoval.

10. Separate contents of the carton by the part number and review the list. Be sure you have all the necessary parts for your shed. Refer Owner's manual for part list.

(FR) Avant de commencer...

1. Vérifiez vos codes de bâtiment locaux concernant des poses, la position, etc.
2. Choisissez un site qui laisse assez d'espace de travail autour du hangar.
3. Déterminez la base de bâtiment et ancrez le système.
4. Lisez et comprenez le manuel du propriétaire inséré dans le paquet.
5. Suivez toutes les consignes et dimensions complètement.
6. Suivez les étapes du manuel soigneusement pour l'assemblée correcte.
7. Assurez-vous que toutes les pièces sont présentes avant que vous commenciez avec le montage.
8. **SOYEZ SÛR** : Suivez les consignes de sécurité et évitez les dommages. (Voir la page intérieure).

9. **LA TERRE DOIT ÊTRE UNIFORME** : Assurez-vous que la charpente de la fondation est plate sur la terre. Si le lit de la terre est inégal, enlevez le gazon et d'autres débris et nivelez-la avec une pelle platel.

10. Séparez le contenu du carton par le numéro de la pièce et révisez la liste. Soyez sûr que vous avez toutes les pièces nécessaires pour votre hangar. Référez-vous au manuel du propriétaire pour la liste des pièces.

(EN) For your own safety, please read and follow these instructions during the shed assembly.
(FR) Pour votre propre sûreté, svp lisez et suivez ces instructions pendant le montage.

1. (EN) Always wear work gloves, long sleeves and eye protection during assembly of the shed. Some pieces of the shed contain sharp edges and can cause injury.

(FR) Portez toujours les gants de travail, les longues manches et la protection d'oeil pendant le montage du hangar. Quelques morceaux du hangar contiennent le dièse les bords et peuvent causer des dommages.

2. (EN) Be cautious with the tools used for the assembly of the shed. Familiarize yourself with the operation of all the power tools.

(FR) Soyez prudent avec les outils utilisés pour le montage du hangar. Familiarisez-vous avec le fonctionnement de toutes machines-outils.

3. (EN) Children and pets should be kept away from the assembly site to avoid any distractions and accidents.

(FR) Des enfants et des animaux de compagnie ne devraient pas être permis au site de montage afin d'éviter tous les distractions et accidents.

4. (EN) When using a step ladder, make sure it is on even ground and fully open with the safety latch in place. Never concentrate your full weight on the roof or any part of the shed.

(FR) En utilisant une échelle, assurez-vous qu'il est sur la terre égale et s'ouvre entièrement avec le verrou de sûreté en place. Ne concentrez jamais votre plein poids sur le toit ou n'importe quelle partie du hangar.

5. (EN) Do not attempt to assemble the shed on a windy day. Shed panels can be whipped across by the wind making the worksite difficult and dangerous.

(FR) N'essayez pas d'assembler le hangar un jour venteux. Des panneaux de hangar peuvent être fouettés par le vent rendant le chantier difficile et dangereux.

(EN) IMPORTANT

(FR) IMPORTANT

-  (EN) Wear eye protection when using any form of power tools. Do not use voltage power tools in a wet or damp environment to avoid electric shock.
- (FR) Portez la protection d'oeil en employant n'importe quelle forme de machines-outils. N'employez pas les machines-outils de tension dans un environnement humide afin d'éviter le choc électrique.
-  (EN) Do not use any part of the shed as a means of personal support while attaching components during assembly.
- (FR) N'employez pas toute partie du hangar en tant que des moyens d'appui personnel tout en attachant des composants lors du montage..
-  (EN) The shed must be constructed on a solid base foundation. A concrete pad or a large size concrete patio stone squares is recommended for suitable floor base. Make sure it is firm and level and will allow drainage away from the site. The base foundation should be at least 4 inches (100mm) larger than the shed dimensions. Please refer to the front page of your owner's manual for the exterior dimensions of the shed. Manufacturer is not responsible for the choice and construction of the foundation.
- (FR) Le hangar doit être construit sur une fondation de base solide. Une garniture en béton armé ou une pierre de patio en béton armé de grande taille est recommandée pour une base appropriée du plancher. S'assurer qu'elle est ferme et de niveau et permettra le drainage à partir de l'emplacement. La fondation de base devrait être au moins de 4 pouces (100mm) plus grande que les dimensions du hangar. Veuillez vous référer à la première page de votre manuel de propriétaire pour les dimensions extérieures du hangar. Le fabricant n'est pas responsable du choix et de la construction de la fondation.

- (EN) For a concrete pad base, prepare a level bed for a firm footing layer of crushed stone. The concrete pad should then be poured to a thickness of 4 inches (100mm) to 5 inches (125mm). Allow to dry thoroughly for at least 48 hours
- (FR) Pour une base de garniture en béton armé, préparer un lit de niveau pour une couche de pied ferme en pierre écrasée. La garniture en béton armé devrait alors être versée à une épaisseur de 4 pouces (100mm) à 5 pouces (125mm). Permettre le séchage complètement pendant au moins 48 heures.

-  (EN) Your shed must be firmly anchored to the concrete pad or large concrete patio stone squares, to help protect against damage in high winds.
- (FR) Votre hangar doit être fermement ancré à la garniture concrète ou aux grandes places concrètes de pierre de patio, pour permettre à se protéger contre des dommages en forts vents.

(EN) Care & Maintenance

(FR) Soins et entretien

- (EN) Although this unit does not require any maintenance, care should be taken to prolong the life of your shed.
- ROOF : Keep roof clean of leaves and snow with long handled, soft bristled broom. Heavy amount of snow on the roof can damage the shed making it unsafe. Do not step on the roof.
- WALLS : Do not rest any object against the wall panels of the shed.
- DOORS : Keep doors closed to prevent wind damage.
- FASTENERS : Regularly check your shed for loose screws, bolts, nuts, etc. And retighten them as necessary.
- MOISTURE : With changing temperatures, condensation will accumulate inside the shed. Good ventilation will help in regulating and avoid moisture.
- TIP : A noncorrosive caulking is helpful to seal the shed.
- (FR) Bien que cette unité n'exige aucun entretien, le soin devrait être pris afin de prolonger la vie de votre hangar.
- TOIT : Le toit doit être nettoyé avec un balai mou et à long manche afin de le débarrasser des feuilles et de la neige. Une grande quantité de neige sur le toit peuvent endommager le hangar le rendant peu sûr. Ne marchez pas sur le toit.
- MURS : Ne mettez aucun objet contre les panneaux de mur du hangar.
- PORTES : Assurez-vous que les portes sont fermées afin d'empêcher des dommages de vent.
- PIÈCES DE FIXATION : Examinez régulièrement votre hangar s'il y a les vis, les boulons, les écrous lâches, etc. Et resserez-les selon les besoins
- HUMIDITÉ : Avec les températures changeantes, la condensation s'accumulera à l'intérieur du hangar. La bonne ventilation aidera dans la régulation et évitera l'humidité.
- CONSEIL : Un calfeutrage non corrosif est utile de sceller le hangar.

(EN) DO NOT store swimming pool chemicals in your building.
Combustibles and corrosive must be stored in air tight containers

(FR) Ne stockez pas les produits chimiques de piscine dans votre bâtiment.
Des combustibles et le corrosif doivent être stockés dans des récipients étanches.
